

**COURSE CHALLENGE FORMAT:**

If the handicaps between the two players is large, the team handicap will be based on the lower handicap plus 4. The handicapped format will allow groups and golfers to be competitive against the other groups. Everyone has the chance to contribute to her group's overall score. There will also be a putting contest which contributes 50% of a group's total score. Each group should be represented by at least 5 teams. Not sure what all the above means? Don't worry - just come to play, learn and have fun!

**If a player does not have a valid handicap you may still participate. However you will only be eligible for best putter, low gross team score and skill prizes**

**Note: This is primarily a two-person team event. It is your responsibility to find your own partner, however, you can register and play without a partner, but if you are NOT willing to play without a partner, please do not register - instead contact Wendy Shick (440-812-5676) or [wendy.shick@gmail.com](mailto:wendy.shick@gmail.com) and let her know you are looking for a partner.**
