2017 Individual Treks

Been on a Philmont trek but not yet 21? Philmont Individual treks offer unique ways to experience Philmont's backcountry. We call these programs individual treks because rather than registering with a crew, each participant registers individually. Once participants register, Philmont forms crews comprised of individuals from all across the country. Two Philmont staff accompany each of these crews.

Click on a program below read about it's unique opportunities and to download an application.
