

2021 Winter Skills Adventure

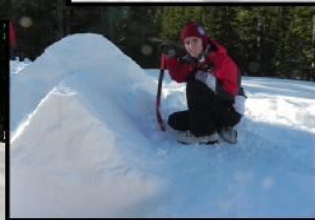

Winter Skills Adventure

(Formerly known as the Winter Camping Seminar)

Come spend an exciting and memorable weekend in the snow with us! Learn how to build a snow structure and stay warm. Learn to identify dangerous avalanche conditions and how to avoid them. Learn basic winter survival skills and first aid. The program addresses all aspects of winter camping and outdoor travel in a condensed classroom session that

assumes basic backpacking knowledge and builds on that for a fun and safe experience in the Winter.

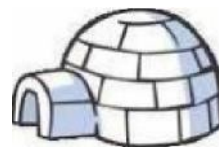

More ...

The Winter Skills Adventure program has two parts: a full day classroom session where you'll learn the necessary skills, and then a weekend field trip where you'll put those skills to the test by building a snow structure & then you'll spend the night in it!

To participate, scouts must be at least 14 years old. This is a requirement due to the heavy lifting of snow blocks, the challenging work and extreme conditions the scouts will encounter.

The class welcomes and encourages older scouts to assist as junior leaders.

How to Register

Reservations are made on a first come, first served basis. Field trip is limited to the first 100 registrants. Registration for this event is available online only at: <https://scoutingevent.com/606-29164>

Full payment is due at the time of registration. Registration deadline is January 31st.
