

Report from the Council Properties Committee

By Scott Suchan
Vice President for Properties

THE M.J. MURDOCK TRUST APPROVED A GENEROUS \$250,000 GRANT FOR FIRE MOUNTAIN SCOUT CAMP CAPITAL PROJECTS! BUT THERE IS A CATCH...

In order to receive this \$250,000 grant, we need to fully fund all of the projects in our two-year \$1.2 million capital plan. We are now just **\$60,000** shy of this goal!

How you can help: Here is how you or your Scout unit can help by donating to the projects. Pick a box, complete a pledge form (payments can be made over two years), and we will recognize your generosity and support through naming rights on some of the projects currently in construction. Please call me directly with any questions. Here is the way to think of it:

\$60,000 gets us \$310,000

It is a great deal for Scouting in Mount Baker Council, and we need your help! Please contact me for details at **(425) 232-5901**.

Progress on current capital projects at Fire Mountain Scout Camp shown below:

From top left clockwise: Septic tanks for the new Staff Shower House, two views of the new changing room & staff office building at THE BEACH and at lower left, construction of the new parking lot.
