

## Rocket / Regatta Join Event Incentive

By Field Director Brian Lechner

We have 1077 Regatta boats and 1,080 rockets! We will give the incentive to any unit that has attended one of the Spring recruitment webinars or has been trained by the District Membership Chair or the District Executive. The unit may request as many rockets as they need, subject to approval by the District Membership Chair and the District Executive.

The intent of the Incentive program is to supplement the Unit's **Fall** joining night event. Fall is when most recruiting is done and tends to be most effective. However, if a Pack has a Spring recruitment drive that is successful, then they may use the Incentive in the Spring. Each Pack can only use the incentive once, ie: Spring **OR** Fall.

One limitation - we only have 23 rocket launch pads. They can be checked out and returned to the District Executive. Items are first come, first serve. Once we run out of rockets, we will only have Regatta boats left, or vice versa.
