

# **Snohomish County Good Scout Breakfast was a Great Success**

***Annual Friend and Fund Raiser  
targeted our local Aerospace  
Industries***

Snohomish County Good Scout Breakfast Chair Charlie Elkins and his committee put together another very successful event, telling the Scouting story to business leaders while raising much needed operating funds for our council. Stan Deal, the CEO for Boeing's new Global Services division, was a well-chosen keynote speaker because he attracted 17 tables worth of aerospace professionals. Another 18 tables of business and community leaders were also in attendance to hear Stan's message about how Scouting has helped him and many thousands of others to prepare for challenging positions in his industry. He stressed how important the points of the Scout Law are, especially being trustworthy, loyal and helpful, contributing your time and talents to help achieve great things.

This event's fund-raising efforts really exceeded our expectations, raising more than \$80,000 to help cover the costs of delivering Scouting's character-building programs to the next generation of community and business leaders. Our thanks to all those who participated in this event, including the breakfast committee, the

table captains, donors, board members, district and unit leaders. We are also grateful to Mitch Morris, a Troop 16 Eagle Scout who delivered our annual Eagle message. He was articulate and passionate in describing how Scouting has helped him to develop real life skills. And finally, a special thanks to all the Cub Scouts, Boy Scouts, Venturers, Sea Scouts and Explorers who provided STEM related displays, served as greeters and provided a meaningful flag salute. Thanks again to all who gave of their time, their talents and their means in order to provide a Scouting opportunity to others.
