**Who is Seattle Foundation?** Equity and opportunity. For all. This is the promise of Seattle Foundation. These are our highest held values, reflected in our mission, our partnerships, the character of our team and all we do. Few regions in the world can match Seattle's current growth and prosperity. But accompanying our good fortune are great challenges, including the widening disparities between rich and poor. Such inequities weaken the vibrancy of our community. Philanthropy can-and must-step in. Using our philanthropic expertise, deep roots in the community and network of partners, Seattle Foundation develops targeted strategies to quicken the pace of progress toward a stronger community for all. We are an agent of change. Every day, we convene, communicate with and catalyze our philanthropic partners to advance this ideal, uniting passion and discipline to create lasting impact.

**Who is CiviCore?** CiviCore is GiveBIG 2017's technology partner. For almost a decade, CiviCore's platform has helped to raise over \$200 million for some of the largest giving days in the country. This includes the successful execution of "Colorado Gives" on December 6, 2016, resulting in \$35M

being raised for charity. CiviCore has also celebrated recent giving day successes in Pittsburgh, Pennsylvania; Austin, Texas; and Omaha, Nebraska.

What safeguards are in place to ensure a stable technology platform?

**What's the benefit to giving before May 10?** The ability to give early is important to make sure you do not forget to give! Travel, work and other responsibilities create busy lives and early giving ensures you have the opportunity to donate when it's on the top of your mind. Because these gifts are processed in the early hours of the event, it also helps the nonprofit organization(s) you donate to get a good start to the day and will encourage other donors to give. If a donor gives before May 10, when will the transaction actually be posted? The donation will be processed on May 10 in the early morning hours. The donor will receive a receipt confirming that their gift was successfully processed.

**Who can donate to GiveBIG?** There are no donor restrictions. Anyone is eligible to donate to an organization participating in GiveBIG.

**Can someone donate anonymously?** Yes. On the donation form, there is a check box to mark if a donor would like to donate anonymously. This means the donation will be reported to the organization, but without the donor name or contact information. The donor will receive a receipt for the donation, but not an acknowledgement from the organization. While we understand nonprofits' eagerness to thank their donors, we must respect the wishes of the donor.
