

Cub Scout Fishing Derby at Fire Mountain

By Steven Davis
Council Membership VP

Our Council Membership Committee recently held a very special Fishing Derby at Fire Mountain Scout Camp for over 400 Scouts, leaders, parents and siblings. This activity was held in recognition of those Cub Scout Packs which showed growth in Tiger Cubs in 2016.

Above and to the right are Cub Scouts from Pack 4268 chartered to the "Children of the Valley" program. The Scout above is Sebastian or "Sebi". These Scouts had never been fishing and had a blast at the derby!

A Cub from Pack 4059 caught the biggest fish of the day. Below is Drew, who was not excited about holding his fish but was willing to kiss it.

A Scout named Zack summed up his assessment of Fire Mountain Scout camp as he turned to his father and said "This place is crazy beautiful."

Thanks to all those who helped make this a memorable day for our Cub Scout families.
