

Ted Carpenter Receives the First PEILA in 2018

Council President Mary Jo Brentari and Council Properties VP Scott Suchan presented the first President's Excellence in Leadership Award to Ted Carpenter at the March Executive Board meeting. Ted has served faithfully on the Executive Board and on the Properties Committee for many years. He is a year-round regular worker at Fire Mountain Scout Camp, organizing work parties and attending to hundreds of needs, large and small. He also serves regularly at the Everett Scout Service Center, taking care of recycling and other tasks and bringing tasty things to improve staff morale and provide a little energy boost.

Congratulations to Ted for this well-deserved recognition! Camp would certainly not be the same without him.
