

Alzheimer's Support

If you have a loved one with Alzheimer's please know there are places you can reach out for support and encouragement. One of those places is to Mike Hunter, a member of PUMC, who cared for his wife Sharyn for many years during her battle with Alzheimer's. Mike has written a book, and spoken many times, about his experiences, lessons learned, and insights gained from caring for Sharyn. Mike is always open to talk and invites you to reach out. You can call Mike at 941-773-3382.
