Sympathy

To the family of Bill Smith. PUMC was just notified that Bob Smith passed away on January 3, 2021. Prayers for his wife Judy.

Praises:

- Jill Koehler-Moreno (daughter of Joy Karaga) - gall bladder surgery on 8/13. There were concerns about the anesthesia but all went well.
- Bob Singley had surgery on 8/16 to remove a spine cyst. The surgery was more extensive than thought but it went well. He has 3 weeks of in-home rehab. He thanks everyone for their prayers.
- Carolyn Trombacco had her 2 year kidney transplant check up. All is well with her kidney.

Updates:

- Pat, Don & Patrick McAndrew – Patrick, 40s, has liver disease and is in a vegetative state. If he makes it thru this, he will be on a ventilator and breathing tube. Don & Pat are his parents and they both have health issues. Don has Parkinson's and it has gotten worse since Patrick's diagnosis.
- Ken Kemmerer had very large kidney stones blasted on 8/19. Hoping back issues will subside.
- Don & Georgia Miller - Georgia in a memory care unit. Don is at home bedridden.
- Patrick Cole moved out of ICU. Very weak, but his mom is thankful for your prayers.
