

Meet Our New MSHS Registrar, Mrs. Kientzler

**What attracted you to serve at Redwood Christian Schools (RCS)?**

Our family has a lot of friends at RCS (who are more like family!) whom we've known for many years, met in recent years at church, or have connected with over the years we've hosted international students. We love the school, and the people who make up its many moving parts!

**Tell us about your family and how they are looking forward to this new opportunity.**

Our girls have always been homeschooled, and though they have taken structured classes in the past, they are excited to be a part of the whole experience of "school." And not just any school, but a school where they have many connections already created from other community connections!

**What are your hobbies/interests outside of work?**

I enjoy crocheting, reading, and napping -- all of which I have little time for!

**What did you do before serving at RCS?**

I've been homeschooling our three blonde beauties for 10 years now, but before that I worked for four years in the Registration office and seven years in the Accounting office at Mount Hermon Christian Conference Center. It's a special place we enjoy visiting whenever we get a chance!

**Why do you think a Christian education is important for families to consider?**

I benefited greatly from my K-12 years at Redwood, and feel a Christian education is important because it helps to build a great foundation for LIFE!! The LORD has created us uniquely and specifically -- we are not a mistake -- and Redwood helps students to discover who they are, their gifts and talents, and encourages them to listen closely as to the direction the LORD would have them go in life.

**We know it's early, but what do you love the most about RCS so far?**

I love the family atmosphere! And my desk is in the office "kitchen" (close to the coffee pot), which is the heart of the home! So, I can sit at my desk and work while being in the midst of community.

**How do you hope to make a difference in the lives of RCS students?**

I want to encourage RCS students to work hard and do their best at whatever the LORD puts before them and to know that as long as the LORD has them on this planet with a pulse they should never stop learning, growing, and living their lives for His glory.
