

HI Y'ALL

just a few notes

Hi Team.

Thank you all again for coming to our meeting last night. You will see pay for that reflected on your next paycheck. For Ella and Bri, we will set up another meeting so you can join in and get your questions answered.

Covid is going around. We have four teachers at our school who are currently positive. Please test regularly and mask if that is appropriate. You may always mask while teaching, that does not bother me at all. I know it's not ideal to talk for an extended time in a mask, but it's most important to keep yourself safe.

Allison's phone number is (559) 519-8785. You may text or call her as you would me as an emergency contact. Contact me first if you've exhausted the other resources, and if it's a day when you need an office staff member and I'm not responding fast enough, reach out to Allison.

Thank you!
Emily

Take care of yourselves
and each other!
