

## Referring, Ordering, Prescribing, Attending (ROPA) Provider Updates

In our continued effort to ensure providers are aware of the latest news from AHCCCS regarding Referring, Ordering, Prescribing, Attending (ROPA) provider information, we would like to share the latest updates:

- The [AHCCCS ROPA](#) web page contains important information, including FAQ, for provider use. Please click on the link to access and review this important information.
- There are limited types of providers who can refer, order, prescribe or attend who are not registerable provider types with AHCCCS, including pharmacists, residents, and interns. These providers will not be required to formally register with AHCCCS but will be tracked for validity through an alternative tracking system.

For your convenience we are including a link to our last Provider Notice - [Referring, Ordering, Prescribing, Attending \(ROPA\) - new registration deadline](#) sent on November 10, 2020 for additional background information.

We will continue to provide you with new information as it becomes available.
