

Provider Enrollment (APEP) Update

Due to the evolving COVID-19 pandemic and Governor Ducey's directive to socially distance in order to reduce the spread of the virus, AHCCCS staff have transitioned to work alternative methods such as telework as much as possible. In order to successfully continue to meet the needs of our Provider community, we ask providers to contact us by email with any provider enrollment related questions. AHCCCS will respond within 24 hours. We also ask providers to fax or email all provider-related applications and verifications. We receive faxes electronically and can continue to distribute these documents for timely processing.

Fax (Preferred Method): 602-256-1474

Or

Email: PRNotice@azahcccs.gov

Thank you for your patience as we shift our work environments while maintaining our commitment to and standards of timely provider enrollment service.
