Corporate/Employer Gift Matching Frequently Asked Questions

If your employer offers a gift matching program, it could potentially double your donation to the PTA. Here's how you can take advantage of this easy way to support our school.

Q. What is a Gift Matching Program?

A. Gift Matching Programs are offered by many employers, especially larger companies and corporations. These programs provide funds to match employees' charitable contributions. Typically, matching gifts are dollar-for-dollar for a donation that you make, and some companies also give matching gifts for donations employees make to the company's political action committee (PAC) contributions or in support of employees' volunteer efforts. For example, one local employer recently donated \$700 as part of a program to support a parent's time volunteering with the Jefferson PTA.

Q. How does Gift Matching help Jefferson?

Employer gift matching allows you to double the impact of your monetary donation (and possibly volunteer time) *at no cost to you*. So, if you give \$100 to the Jefferson PTA, your employer would also give \$100, which provides the PTA a total of \$200 to fund science, field trips, Hands-On Art, and all of the other important educational activities that the PTA supports for our children at Jefferson.

Q. How do I know if my employer offers a Gift Matching Program?

A. You will need to ask your employer. If your employer has a Foundation, Corporate Social Responsibility or Corporate Citizenship department, start there. Otherwise, talk to your Human Resources department or search your company intranet. Additionally, there are several online databases and lists where you can look up your company name, but please note that these are third-party resources and they may not have the most up-to-date information.

Q. How do I use my employer's Gift Matching Program to help the Jefferson PTA?

A. First, make a personal donation to the Jefferson PTA. We encourage you to make an additional contribution on top of the \$15 membership fee. Keep your receipt – your employer may ask for it to verify your donation.

Next, register your donation for a match through your employer's Matching Gift Program. Procedures vary with each company. You may have to submit your request using an online system or by completing a form, and you may have to provide the following information:
