

Become a GMLC Member...Here's Why and How

2021 was a big year for the Gates Mills Land Conservancy. Gates Mills villagers renewed the 1-mill conservation levy for the sixth time. Thank You!

Levy funds – your tax dollars – are used solely for the acquisition and stewardship of land in the Village of Gates Mills, while your Membership dollars are critical to support our day-to-day operations. Gates Mills Land Conservancy is grateful to the many individuals and families who generously contribute through memberships annually.

We need your support more than ever in 2022 by becoming a member. And, we can use your help by serving on one of our committees, organizing hiking outings and nature walks, stuffing and mailing envelopes, attending School Collaborative events, and attending children and family educational events.

Whether you are a long-time contributor, or this is your first time, please make your 2022 donation today and help us continue to be a strong, well-managed, all-volunteer land trust that will safeguard the open spaces and natural habitats in our village for future generations.
