

You Channel

GSP has a YouTube channel!

GSP has a YouTube channel! There you can access recordings of our live services, view brief GSPeople coffee-hour-style conversations, archived events and lectures, currently a total of ten playlists representing a wide variety of topics and activities. More videos are being added all the time. Let's do what we can to stay in touch while we wait for the corona virus to subside! You can access our entire YouTube site or just the GSPeople playlist with single clicks, prominently displayed on the GSP home page [[gsptucson.org](https://www.gsptucson.org)]. And while you're at it, please consider creating brief Zoom conversations with other parishioners and adding them to the GSPeople playlist! For help or to facilitate, contact Harlan Hokin.
