JULY 10 7PM

CAN ICE CREAM SAVE A WARMING PLANET?

We think so! With the help of ice cream on a hot evening in Tucson, we invite you to join us for Ice Cream and Climate Action.

- We'll get to know each other,
- Tell stories about the things that we love and we want to protect,
- Talk about the things that make us hot under the collar,
- Enjoy ice cream,
- And organize for climate action.

Rev. Doug Bland
Executive Director
