- Popcorn/snacks

Our Holiday Gift Goal

Thank you for partnering with the Center for Farmworker Families to make the holidays special for local farmworker children and families

We ask our partners to prioritize collecting and providing gifts for the children they have committed to sponsoring . Families participating in the Holiday gift drive will have already received food, clothing, and other essential items through our regular monthly distributions. While additionals donations of these items are always appreciated and welcomed, our greatest need for this event is making sure every child receives a special holiday gift.

Thank you for helping us create a joyful and meaningful holiday experience for the children in our community!
