After-School All-Stars Puget Sound

Board Member Role Description

ABOUT

After School All-Stars is one of the leading national after-school program providers in the country. Our comprehensive school-based programs combine academics, enrichment, and health and wellness activities to help students build the knowledge and skills they need to succeed, both in school and in life. Founded by Arnold Schwarzenegger in 1992, ASAS is building a national model for after-school program delivery through our 19 chapters, all of which serve nearly 90,000 youth in major urban localities. ASAS launched programs in the Puget Sound region during Fall 2016 and serves approximately 600 economically disadvantaged students in three middle schools (Meeker Middle School—Kent School District, Dimmitt Middle School—Renton School District, and Showalter Middle School—Tukwila School District).
