GRuB seeks board members to begin in January 2021

GRuB (Garden-Raised Bounty) grows healthy food, people and community. With roots in the land, we create opportunities for people to learn, lead, and thrive. We envision an equitable world where we are all nourished by healthy relationships, resilient community, and good food.

We recognize that all people are powerful, and seek a board that represents the diversity of our community, with particular emphasis on the populations we serve through our programs. If you have a physical or financial barrier to participation, please let us know, and we can explore accommodations or compensation for needs such as transportation or childcare during board commitments.

GRuB board members:

Show up! Attend 6-8 in-person all-board meetings/retreats annually and participate in monthly committees
(Note: during COVID-19, we hold shorter monthly meetings on Zoom)
Build our network! Represent GRuB at events and within personal and professional networks
Cultivate Bounty! Contribute to our abundance through fundraising and a personally significant financial donation
Grow Good Governance! Review fiscal and legal documents and contribute to strategic policy and governance decisions
