tHE SERVICE BOARD

tSBoard of Directors | BOARD MEMBER ROLE DESCRIPTION

tSB Mission

the Service Board (tSB) mentors teens to conquer personal and cultural challenges through outdoor adventure, environmental and social justice education, and public service.

tSB Vision

As a youth-led organization, our vision is to build community around strengthening youth capacity, amplifying youth voice and increasing access to opportunities for leadership and development. Ultimately, tSB seeks to create a safe space for King County teens to see themselves as capable of fostering a more equitable future.

We strive for every young adult that comes through our program to be emboldened by authentic connections they develop with others, to engage in their communities as advocates for social justice, to become good environmental stewards, and to take action to create the change they want to see.

Board Values

The Board of Directors of tSB value and depend upon a strong sense of community and trust. That sense of community has been built through the personal and collective engagement of staff, volunteers, participants and supporters. Our success is a product of the leadership and commitment from all of our community.

We seek to ensure all involved have the power create positive social change in and outside of tSB. Our strength is a product of the diversity and relentless positivity of our community.

Board Characteristics

As a Board, we value diverse and equitable decision-making. Representation from diverse sectors, identities and networks allows the board to make more informed recommendations in support of tSB.

We seek to create a supportive and fun environment so that community minded individuals with a variety of skill sets and levels of experience can play a leadership role within tSB.

We seek passionate, questioning, and humble board members willing to both lead and learn.

Your role

- Make a two-year commitment to serve on the tSBoard
- Make a personally meaningful contribution
- Guide tSB in policymaking and ensure the organization's financial security
- Participate in at least one tSB program activity
- Serve on at least one Board committee:
  - Board development
  - Finance
  - Fundraising/communications
  - Risk management
- Have fun and be an essential part of an incredible community!
