

Love UDFB? Join Our Board!

Help us create a healthy, thriving community! We are recruiting for new board members for the University District Food Bank. Bring your energy and enthusiasm; prior board experience is not required. We are particularly interested in candidates with expertise in human resources, finance, and fundraising. Lived experience and/or prior background in social services is a bonus.

Come help us to achieve our UDFB mission: To serve people facing food insecurity in Northeast Seattle by providing high-quality, culturally familiar food and connecting them with vital resources. This last year, we distributed 3.4 million pounds of food, serving over 109,000 households.
