

Community Environmental Council

The Community Environmental Council has launched their annual Solarize Program to make it easier and more affordable for local homeowners to go solar. The CEC has chosen two local installers, [Brighten Solar Co.](#) and [Planet Solar](#), to help Santa Barbara County residents reap the financial and environmental benefits of renewable energy with a limited-time group purchasing model. There will be a [free solar workshop](#) at the Goleta Valley Community Center Room 1 on Wednesday, June 21 from 6-7 PM.
