

Santa Barbara RiteCare is a 501(c)(3) nonprofit center that provides screenings, evaluations, and therapy services to young children with speech and language disabilities.

Improving your child's speech and language communication is our ultimate goal. Every year, we provide free speech and language therapy, reading intervention and social training to over 130 children in SB County. RiteCare Language Center has three programs throughout the year. All the programs involve the parents, who are a valuable part of the therapeutic process. We provide parents the tools and strategies on how to help their child be successful in all environments outside of the therapy room.

To enroll in services at RiteCare, parents simply have to call our office for a short phone interview to determine what the areas of need are. We then make referrals to other agencies or add the child to our wait list. Children are typically seen for therapy at our center once a week and need therapy services for an average of 15 months.

All of our therapy services are free to the community. Camp Chit Chat is coming up! It's our summer camp for preschool children with speech and language disabilities.

Please watch this video to learn about our most recent graduate, Preston. He has worked very hard on improving his articulation skills and is able to talk to anyone he meets about all the Super Heroes that he loves.

Please consider making a donation to SB RiteCare Language Center. We need your support to help us provide critical therapy to these local children. Make a donation here: <https://www.paypal.com/fundraiser/charity/177926>

Support RiteCare throughout the year. We have fun events!
