Pediatric Cardiologist
Noninvasive Cardiac Imaging

The Heart Center at Nationwide Children's Hospital (NCH) seeks a Noninvasive Cardiac Imaging specialist, at any academic rank, to join its growing and dynamic program.

Candidates should be board-certified or eligible in pediatric cardiology, with advanced training and expertise in performing and interpreting echocardiography and/or advanced cardiac imaging (MRI/CT expertise preferred)along with a strong interest in clinical/translational research. Clinical and research leadership opportunities are available, commensurate with the experience of the applicant.

The successful applicant will join our IAC-accredited NCH Noninvasive Cardiac Imaging team which currently includes 11 attending physicians and 20 sonographers, and performs more than 20,000 echocardiographic studies annually, including more than 1300 fetal, transesophageal, intracardiac, intravascular, and 3-D echocardiograms. Our growing Heart Center cardiac MRI/CT program includes 8 attending physicians from Cardiology and Radiology, and performs over 1000 annual studies. Academic productivity is an expectation as is mentoring junior faculty and fellows. The program includes a 4th year Advanced Noninvasive Cardiac Imaging fellowship to complement the core pediatric and combined pediatric-adult cardiology fellowship programs.

The Heart Center embraces a culture of patient safety and quality, transparency, value-based care, public health awareness, excellence in education and engagement in translational/outcomes research. Our program is closely partnered with the Center for Cardiovascular Research at the NCH-Research Institute which provides infrastructure to support the clinical research enterprise. Research opportunities include engaging in basic science research, clinical research, translational research, population based studies, and research-based education or quality improvement initiatives.

The Heart Center is also part of the Congenital Heart Collaborative between the University Rainbow Babies & Children's Hospital (Cleveland, OH) and Nationwide Children's Hospital heart programs which provides additional opportunity for collaborative research.

Named to the Top 10 Honor Roll on *U.S. News & World Report's* 2021-22 list of "Best Children's Hospitals," Nationwide Children's Hospital is one of America's largest not-for-profit free-standing pediatric health care systems providing unique expertise in pediatric population health, behavioral health, genomics and health equity as the next frontiers in pediatric medicine, leading to best outcomes for the health of the whole child. Integrated clinical and research programs, as well as prioritizing quality and safety, are part of what allows Nationwide Children's to advance its unique model of care. Nationwide Children's has a staff of more than 13,000 that provides state-of-the-art wellness, preventive and rehabilitative care and diagnostic treatment during more than 1.6 million patient visits annually. As home to the Department of Pediatrics of The Ohio State University College of Medicine, Nationwide Children's physicians train the next generation of pediatricians and pediatric specialists. The Abigail Wexner Research Institute at Nationwide Children's Hospital is one of the Top 10 National Institutes of Health-funded free-standing pediatric research facilities. More information is available at NationwideChildrens.org.
