

Pediatric Cardiologist Adult Congenital Heart Disease Specialist

University of Iowa Stead Family Department of Pediatrics

University of Iowa Stead Family Department of Pediatrics seeks a cardiologist with expertise in adult congenital heart disease. Appointment rank is open and may be to either the tenure track or clinical (non-tenure) track consistent with clinical experience and research interest. Appointment rank to Instructor of Pediatrics (non-tenure or clinical track) may also be considered. The individual selected will join the Division of Cardiology to provide patient care, teaching, and consultative services as a cardiologist specialist in congenital heart disease.

The Division of Cardiology at the University of Iowa Stead Family Department of Pediatrics provides compassionate, family-centered, and state-of-the-art delivery of care to children and young adults with congenital and acquired heart disease. Patients are followed through the transition to adulthood. Dedicated staff have expertise in acquired heart diseases such as cardiomyopathies, cardiac arrhythmias, blood lipid disorders, congenital heart disease, cardiac dysfunction in malignancy, and cardiac implications associated with pediatric obesity. The division provides the only expertise for electrophysiology, diagnostic, interventional and transplant services for children and youth in the state of Iowa. Skilled surgical support and exceptional critical care postoperative support has outcomes that have excellent results in national databases. The division has a multi-purpose diagnostic and interventional procedure lab which is constantly expanding and including state-of-the-art technologies.

Requirements:

Must hold an MD/DO degree, or equivalent

Board certified or eligible in Pediatrics, or equivalent

Board certified or eligible in Pediatric Cardiology, or equivalent

Subspecialty fellowship training in Adult Congenital Heart Disease or ABIM ACHD certification on the experiential pathway

License or eligible for licensure in the State of Iowa

Desirable qualifications:

Experience in the management of adults with congenital heart disease

Experience in patient-oriented research

Teaching competence in pediatrics for medical students and residents

Evidence of scholarly activity

Demonstrated ability to develop and implement new programs

Strong oral and written communication and interpersonal skills

Demonstrated experience working effectively in a welcoming and respectful workplace environment

The University of Iowa Roy J. and Lucille A. Carver College of Medicine is one of the nation's top medical schools. It is ranked No. 44 in research in the 2024 *U.S. News & World Report* listing of "Best Graduate Schools," and it is ranked No. 23 in National Institutes of Health funding among public institutions by the Blue Ridge Institute for Medical Research. The UI Stead Family Department of Pediatrics is currently ranked No. 25 in NIH funding among all public pediatric departments nationwide.

The UI Stead Family Department of Pediatrics comprises the medical staff of UI Stead Family Children's Hospital, Iowa's only nationally ranked children's hospital and home to the state's only accredited Level 1 Regional Resource Pediatric Trauma Center. The ACGME-accredited pediatric residency program at UI Stead Family Children's Hospital trains 50 pediatric resident physicians. For its 2023-24 edition of "Best Children's Hospitals," *U.S. News & World Report* ranked UI Stead Family Children's Hospital in six pediatric specialties: neonatology, diabetes and endocrinology, nephrology, neurology and neurosurgery, orthopedics, and urology.
