

Posting for an ACHD Faculty Cardiologist Boston Adult Congenital Heart (BACH) Program, Boston, MA

The Division of Adult Congenital Heart Disease in the Department of Cardiology at Boston Children's Hospital is actively recruiting a physician to join our world-renowned team as faculty (attending staff). Candidates must be Board Certified or Eligible in Adult Congenital Heart Disease. Candidates at all career stages who possess strong clinical, research, and teaching abilities are encouraged to apply. An academic appointment at Harvard Medical School will be sought at the rank of Instructor, Assistant or Associate Professor and commensurate with qualifications.

The Boston Adult Congenital Heart (BACH) Program is one of the largest programs for adults with congenital heart disease in the United States. The BACH Program offers a full range of inpatient and outpatient clinical services to adults with congenital heart disease and pulmonary hypertension. A high proportion of our patients have complex disease and require multi-disciplinary care. Resources for conducting clinical, basic science, and translational research are abundant throughout the Department. Academic advancement through research and teaching activities is strongly encouraged and supported. We have a highly-regarded senior fellowship program in adult congenital heart disease.

Interested candidates should send their curriculum vitae to:

Anne Marie Valente, M.D.
Chief, Boston Adult Congenital Heart Program
Department of Cardiology
Boston Children's
Hospital 300 Longwood
Avenue
Boston, MA 02115
Email: anne.valente@cardio.chboston.org

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
