

Pediatric Cardiologist, Imaging Specialist- CT/MRI

A leader in pediatric care since 1875, **St. Christopher's Hospital for Children's** nationally recognized programs and pediatric specialists provide exceptional care to children from throughout the Greater Philadelphia area and around the world. The mission of St. Christopher's Hospital for Children is to provide quality pediatric services in a caring, progressive environment. St. Christopher's Hospital is committed to quality through teamwork, technology, and service in a child-friendly, family-oriented environment.

For more than 100 years, our hospital has served children, families, and communities in Greater Philadelphia and surrounding communities. Caring for children is our passion. Here, we develop, offer, and refine nationally recognized programs through patient- and family-centered, collaborative, and innovative care.

We're an academic medical center, which means we bring you the latest in diagnostics, treatments, and innovations - all tailored specifically to the needs of your child. Through our research, academics, and clinical care, children and families depend on the leading-edge care found only at an academic medical center.

Tower Health is a regional integrated healthcare system that offers compassionate, high-quality, leading-edge healthcare and wellness services to communities in Berks, Chester, Montgomery, and Philadelphia Counties. With approximately 11,500 employees, Tower Health consists of Reading Hospital in West Reading; Phoenixville Hospital in Phoenixville; Pottstown Hospital in Pottstown; and St. Christopher's Hospital for Children in Philadelphia, in partnership with Drexel University. Tower Health is strongly committed to academic medicine and training, including multiple residency and fellowship programs, the Drexel University College of Medicine at Tower Health, and the Reading Hospital School of Health Sciences in West Reading. The system also includes Reading Hospital Rehabilitation at Wyomissing; home healthcare provided by Tower Health at Home; TowerDirect ambulance and emergency response; Tower Health Medical Group; Tower Health Providers, our clinically integrated network; and 25 Tower Health Urgent Care facilities across our service area. For more information, visit towerhealth.org.

About the opportunity:

The Heart Center at St. Christopher's Hospital for Children is recruiting a pediatric cardiologist with a focus on imaging. The incoming physician will direct the cardiac CT/MR service at St. Christopher's hospital for Children for pediatric and adult congenital heart disease patients. You will share inpatient consultative service as well as outpatient clinic and oncall responsibilities with other members of the Division. The incoming cardiologist may also participate in the fetal echocardiography center. You will also participate in the teaching of medical students, residents, and (adult) cardiology fellows. There is a dedicated pediatric cardiac catheterization/electrophysiology laboratory equipped with state-of-the-art biplane fluoroscopy and 3D electroanatomic mapping capability. Our primary CT unit is a Canon/Toshiba Aquilion 80 slice which we perform Cardiac CTA exams along with the routine CT exams. As for the MRI, our current unit is a GE 450W 1.5T. We currently perform Cardiac Morphology and Flow Mapping procedure. Prefer candidates with experience advanced cardiac imaging (cardiac MRI and CT).

Responsibilities

Perform inpatient and outpatient pediatric cardiology evaluations and testing, including interpretation of ECGs, echocardiograms, ambulatory electrocardiography, and exercise stress testing in infants, children and adolescents.

- Maintain timely and complete chart notes, reports, and communication with primary care/referring physicians and other relevant subspecialty physicians.
- Maintain open and timely communication with patients, families, and guardians.
- Participate in multidisciplinary clinical management initiatives with other divisions.
- Facilitate patient referrals.
- Participate in division and department quality improvement initiatives, including within the department.
- Assists in the planning and direction of health programs within the appropriate specialty.
- Conducts training or assists in the training of interns and resident physicians.
- Maintains varied hours on a rotated schedule with other physicians to ensure that there is always a physician on-call during non-business hours.
- Faculty appointment is offered at the Drexel University College of Medicine.
- Comply with all billing, coding, documentation, and regulatory requirements.
- Participate in Department of Pediatrics grand rounds, morbidity and mortality conferences, and faculty development education.
- Maintain appropriate licensures and certifications.

In joining St. Christopher's you'll enjoy:

- Work/life balance and flexibility
- Teaching, quality improvement and strategic development opportunities

- Educational Loan Assistance
- Malpractice Insurance with Tail Coverage
- Relocation Assistance
- Spousal/Domestic Partner Job Search Support
- Currently we support J1 visa waivers
- H1B visas and green card sponsorship

Philadelphia, located between New York and Washington D.C, is considered to be the birthplace of the United States. The Constitution was debated here in Philadelphia in what is now Independence Hall. The nearby Liberty Bell Center is home to the famous two-thousand-pound bell which became a symbol of freedom. The National Constitution Center also tells the story of 1920s prohibition. Learn more about Al Capone and other famous former inmates at the Eastern State Penitentiary. The Philadelphia Museum of Art, one of the country's largest museums, is not to be missed. At Fairmount Park, discover outdoor art on the Benjamin Franklin Parkway, as well as the Smith Memorial Arch dedicated to Civil War heroes. Attractions for kids include Philadelphia Zoo, the oldest zoo in America. Meet more animals at the Academy of Natural Sciences or enjoy fun and educational interactive displays at the Please Touch Museum.
