

In just a few short months, nine youth and six adults will be embarking on a journey into the Boundary Waters Canoe Area (BWCA). We are looking for your support in helping us out with this trip. First of all, we are asking for your prayers that we would have a safe trip with wonderful weather and that we can truly see so much goodness in God's great wilderness.

We could use your support through sponsoring part of the trip also.

There are many things we need to help this be a successful trip. A few of those things are Campsites, Canoe, Tents and Food. We are looking for folks to be sponsors of those different items. With a donation, it will help cover the cost of those items. A few of the items we will be getting from a great outfitter in Ely called Canoe Country Outfitters.

Being a sponsor also gets you an invitation to a special BWCA Sponsors Dinner with a special presentation from the youth.

Please fill out the below form when sponsoring
