A Special Event for Nonprofits

Bringing Diverse Voices to the Table by Designing for Equity and Inclusion

Thursday, February 4, 2021

8:00-9:30am Virtual Event

The purpose of this session is to share some ways to design meetings that can support Diversity and Equity and Inclusion. It is NOT to share a holistic strategy of how to embed DEI into the everyday work of your organization. That takes more than one course or one training. That takes a process of changing mindsets, systems and culture in your organization. One shift is how you design your meetings to support this work. **Free for CVNA members; \$25 non-members**

Co-presented by the UNI Nonprofit Leadership Alliance:

Explor-A-Ganza

Monday, February 15, 2021

1:00-3:00pm Virtual Event

The Explor-A-Ganza is an excellent opportunity for you to meet UNI students as well as share internship, job, and volunteer opportunities that your organization has to offer. This gives you an opportunity to meet with 20+ enthusiastic students.
