

We are excited to invite you to Our Way: A Culture of Community at WHS from 6-9 pm April 21. Our Way will be an event that allows students, staff, and community members the opportunity to witness how their personal identity enriches our community identity. This will be accomplished through participating in performance art, exploring various parts of our community, sharing personal narratives that highlight how individual stories make up a community, and celebrating with performances and food.

We also need volunteers for this evening. We would gladly welcome parent volunteers to take shifts helping with booths, organizing performers, and helping us to make the event run smoothly.

Contact Jennifer King @ Jennifer.king@wayzata.k12.mn.us to help.
