

## Parent Orientation Nights

We will host three Parent Orientation Nights for the families of incoming 9th grade students. The nights are provided to allow you an opportunity to meet your student's support team, share information about registration, and answer any questions that you have regarding your student's transition to high school. These presentations will be held in the main auditorium at 7:00 p.m.

January 22: A-Hal  
January 23: Ham-Or  
January 24: Os-Z

Registration will open on January 17. **It is important for all students to submit their course requests on Skyward prior to February 9.** This information allows us to hire teachers and build our master schedule to offer the appropriate courses next year. The registration guide will be published on all student iPads on Friday, January 12. **Curriculum Night, held on January 30 from 6:30-8:30, is an opportunity for parents and students to learn about course offerings within each department.** Counselors will present registration information at upcoming Group Guidance:

January 10: Juniors  
January 11: Sophomores  
January 17: Freshmen
