***Christian Love in Action***

- **What action is your church ready to take when an *earthquake* happens?**
- **How do you respond to a local disaster such as an *apartment fire*?**
- **Are you prepared to assist in an *active shooter* situation?**

Learning more about Community Disaster Ministry will help you explore how your church can be prepared to effectively be part of the response to local disasters.

Community Disaster Ministry is a resource to help your church know more about new and exciting opportunities that are available in your community...ways to become involved in ministries that expose you to another level of community involvement you may not have explored!!

***This is mission going...right in your own area!***

### SCRIPTURAL BASIS FOR COMMUNITY DISASTER MINISTRY

*Be wise in the way you act toward outsiders; make the most of every opportunity. Let your conversation be always full of grace, seasoned with salt, so that you may know how to answer everyone.*

*Colossians 4:5-6*

Since all disasters are local, the local church is one of the best focal points for a faith-based response. Advisors are available to help you launch and keep this ministry effectively reaching out to your community.

The advisors will help by:

- Leading you in assessing your community, congregation and facilities
- Answering questions working with your leadership to determine possible ministries needed in crisis situations
- Exploring vision and potential for crisis situation ministries
- Assisting you in building your Community Disaster Ministry Team
- Providing guidance for your leadership so they can function effectively in crisis situations
- Sharing tools for the teams to use in your ministries
