

Five Year Behavioral Health Services Strategic Housing Plan – Planning Update

CSH thanks the lively group of Affordable and Supportive Housing partners who participated in our virtual Five Year Behavioral Health Services Strategic Housing Plan Input Listening Session on April 2nd. We greatly appreciate your important input and feedback into the development of the new 5-Year Behavioral Health Services Strategic Housing Plan.

This Listening/Input Session was the very first of a series of 13 similar listening sessions with numerous organizations that are being held through the end of May to gather stakeholder information, input and feedback to inform the development of the Plan. This effort is intended to obtain input on housing needs and goals in seeking to maximize a range of housing options (e.g. housing options/not licensed care) for people in San Diego County with behavioral health issues who have limited resources.

We continue to invite you to provide any additional feedback and responses through our online input form, and please don't hesitate to contact [Debbie Fountain](#) directly if you have questions or would like additional [details click here.](#)

In addition, there are several upcoming Input sessions focused on the following sectors/partners:

Input Session for Behavioral Health Services 5-Year Housing Strategic Plan

Consumers, Family Members and People with Lived Expertise

May 27th from 3 to 4 pm

<https://zoom.us/j/92470600836>

No registration required for this Input session.

Participants will click the link and join the meeting
