

SDHF Welcomes Carol

We are thrilled to welcome Carol Hazen, our new chief operating officer, to the San Diego Housing Federation! Get to know Carol a little bit below and she hopes your paths will cross soon.

What brought you to San Diego?

My daughter started school at UCSD and it inspired me to create my own pivot. San Diego is a beautiful city and I've enjoyed getting to know it. I look forward to learning more through the work I'll be doing here.

What are you excited most about this position?

To work with this passionate and capable team, to help them continue to excel in their roles, and to continue to uphold our mission. I'm excited to explore new partnerships and sponsorship opportunities. Right now, I'm focused on getting geared up for the annual conference in October.

Why the affordable housing sector?

I wanted to have more impact and really seeing the benefits of my work. It's a new sector for me and I'm enjoying the learning curve.

What will you be doing for SDHF?

As COO I'll be leading our operations such as fundraising, sponsorships, planning annual conference and other events, developing DEI survey data, and supporting the team. I'm looking forward to meeting our members, sponsors, and advocates as we navigate this re-opening phase.

CAROL HAZEN
CHIEF OPERATING OFFICER
