ABOUT TPP:

The Pittsburgh Project (TPP) was founded in 1985 with a mission to develop servant leaders and to uphold the dignity of vulnerable homeowners. At its founding, TPP utilized groups of high school students to do home repairs for senior citizens. Over the course of 35 years, the organization served over 2,000 homeowners and hosted over 40,000 young people.

After purchasing a building on North Charles Street to serve as its headquarters, TPP began to provide programming for neighborhood children in 1995. These programs have grown and improved over time and in 2020, the organization sharpened its focus on serving the youth and their families in our neighborhood and redefined the mission statement accordingly.

In its 4 decades of service, TPP has grown and evolved in a myriad of ways. But now, as on its first day in 1985, everything that we do is based on a vision for a whole and healthy community, where the most vulnerable members can live safely and securely. Today, we achieve this vision by Sharing Hope, Empowering Youth, and Building Community.
