Melinda Morris Perrin *signs* *A New Day Dawns: 65 Days of Natural Prayer*

A New Day Dawns is a series of daily meditative reflections incorporating mindful intention into everyday life, infusing thoughts and the work of our hands and hearts with Spirit. Some call it mindfulness.

In her most recent book, poet and writer Melinda Morris Perrin returns to a topic she first presented at the University of Iowa's Fall Colloquium. Career television producer and the former executive director of the Conservation Research Institute, Perrin examines all aspects of human relationships — the good, the bad, and the funny — and is inspired by the people in her life. She lives in Niskayuna with her husband, Dan.
