

North Coast Health Improvement  
and Information Network

## *DxF Support Available*

### Need Assistance with Data Exchange and Meeting the California DXF Regulations?

The California Data Exchange Framework (DxF) compliance deadline is approaching for small practices. Many providers, including independent specialists' offices and skilled nursing facilities, are still navigating the complexities of compliance. Don't be left behind—NCHIIN is here to guide you through the process with tailored support and expertise.

### NCHIIN Can Help You Stay Compliant!

#### What We Offer:

- **Expert Guidance** on the requirements of the Data Exchange Framework
- **Custom Integration Solutions** that support data exchange requirements
- **Project Management Support** to coordinate interface development with your EHR vendor
- **Low-Cost Solutions** to support Data Exchange Framework compliance
- **Local Governance** with a non-profit Board of Directors that understands the needs of our community providers

Join the growing network of providers ensuring secure, compliant health data sharing while enhancing workflow efficiencies & patient health outcomes.

## Ready to Get Started?

Contact NCHIIN today to schedule a consultation and learn how we can help you stay ahead of the curve!

For more information about DXF requirements for your practice or facility, contact Tina Schaible at [tschaible@nchiin.org](mailto:tschaible@nchiin.org) or (707) 443-4563 ext. 111
