Danielle Gamache ~ WV

My time and experience in TARs has helped me become a better communicator. It has given me the opportunity to befriend like-minded individuals and participate within my community. Overall, I have enjoyed every second in TARs and going to the events, it truly has been such a lovely experience.

Lance Fink ~ WV

TARS was a great opportunity that allowed me to meet several awesome people and to get more involved with my community. Thanks to this experience I was able to help my mom in her own political career. I will be serving a mission for the Church of Jesus Christ of Latter-Day Saints in the Philippines Ormoc Mission reporting to the Missionary Training Center in Oct 2026 and will attend BYU in the Winter of 2028.

Myles Liimatta ~ SEV

The time I have spent in TARs has been foundational to my growth throughout high school. Through the many events, meetings, and relationships I experienced, I have learned valuable lessons that have shaped who I am today. It's been a great time that I've spent in TARs and I wouldn't trade it for anything. One of my favorite parts has to be the DC training— I got to in 2022 and 2025. Being able to go on those trips was amazing and it was inspiring to hear from the numerous speakers. While I will miss being a part of TARs, I am grateful for how it has prepared me to be a political force for action, a servant leader, and a light for Christ— not only within my community, but in the world beyond it. Thank you Mrs. Money for everything!
