

# Sandra Christensen

Arizona House of Representatives, Legislative District 4

---

**FAITH · FAMILY · FREEDOM · FISCAL RESPONSIBILITY**

---

**Sandra Christensen** is a Christian conservative, community leader, and Governing Board Member for the Paradise Valley Unified School District — the largest district serving families in Legislative District 4. She is running for the Arizona House of Representatives committed to defending faith, family, freedom, and fiscal responsibility.

## **PROFESSIONAL EXPERIENCE**

Sandra brings more than 30 years of hands-on experience in business, technology, and public service. She began her Arizona career in 1994 as a Systems Analyst and IT Project Manager at Honeywell Aerospace, later serving in leadership roles at Catholic Healthcare West and Perot Systems. She completed graduate studies in veterinary medicine at UC Davis and managed operations at Alta Vista Veterinary Hospital, giving her a unique perspective on small business, healthcare, and the everyday concerns of Arizona families.

## **PUBLIC SERVICE & EDUCATION ADVOCACY**

As Constituent Services Manager and Ombudsman at the Arizona Department of Education, Sandra helped Arizona families navigate complex education systems. She worked directly with the Attorney General's Office, state legislators, the U.S. Department of Education, and the Governor's Office to deliver real results — and personally assisted ESA families because she believes parents, not government bureaucrats, should have the final say in their children's education.

## **COMMUNITY COMMITMENT**

Sandra's service extends far beyond her professional life. She and her husband Coy have served as foster parents, opening their home to children in need. She has mentored at-risk teens at the Phoenix Dream Center, volunteered in equine therapy programs for children with special needs at Reigning Grace Ranch, and remained active in church ministry and PV Schools initiatives since joining the community in 2015.

## **PERSONAL**

Married to Coy since 1997, Sandra is a proud mom to a Horizon High School graduate. She holds a BBA in Business Computer Systems from New Mexico State University and is proud to call Scottsdale home.
