

QGenda Landing Page Website

QGenda is the enterprise-wide application for on-call scheduling. Staff and clinicians view QGenda on-call schedules by using the Epic on-call finder activity or the QGenda on-call “landing page” website.

How it Works

Open your Chrome or Edge Web Browser and type in the address below:

- Schedules for RWJBH sites currently live on Epic: rwjbh.qgenda.com
- Hospitalist/Emergency Department Schedules: rwjemhm.qgenda.com
- Schedules for RWJUH New Brunswick only: rwjuhoncall.qgenda.com

Select your hospital and/or desired department:

Selecting a **specific Department** will display the on-call schedule for that department:

TUE APR 5 as of 1:34p								
Schedules	Hospital	Providers	Start	End	Phone Numbers	Schedule Contact Instructions	Provider Contact Instructions	On-Call Notes
SOM Bariatric Call	Somerset	ON Goyal, Ajay	7:00a	7:00a	Mobile: (908) 4			

QGenda On Your Mobile Device

Use your phone camera to scan the QR code, click the link, then bookmark the QGenda website:

[RWJBH ENTERPRISE
ON-CALL SCHEDULE](#)

Epic On-Call Finder

The Epic On-Call Finder activity displays on-call information from QGenda without the need to leave the Epic Hyperspace environment.

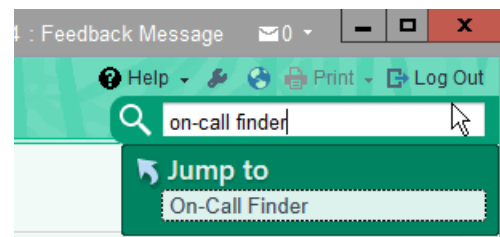

How it Works

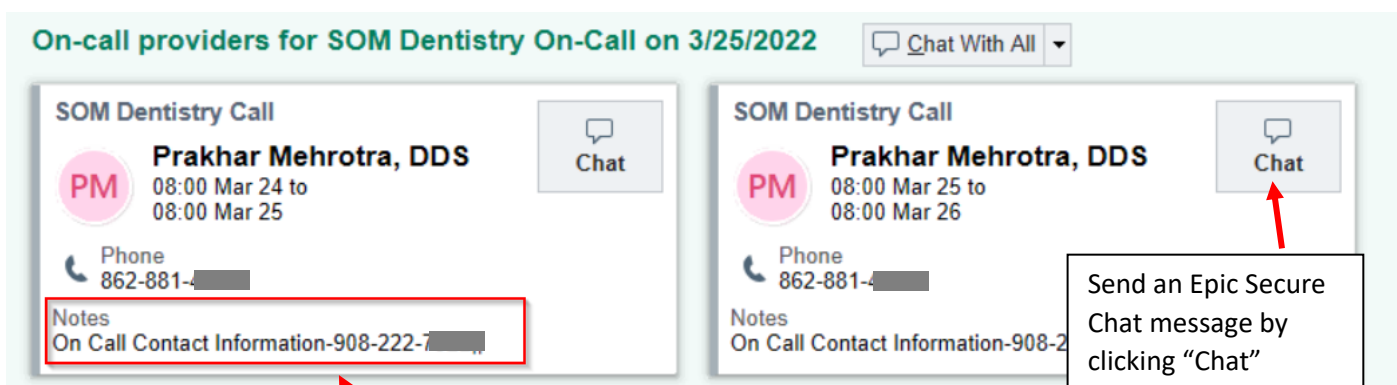

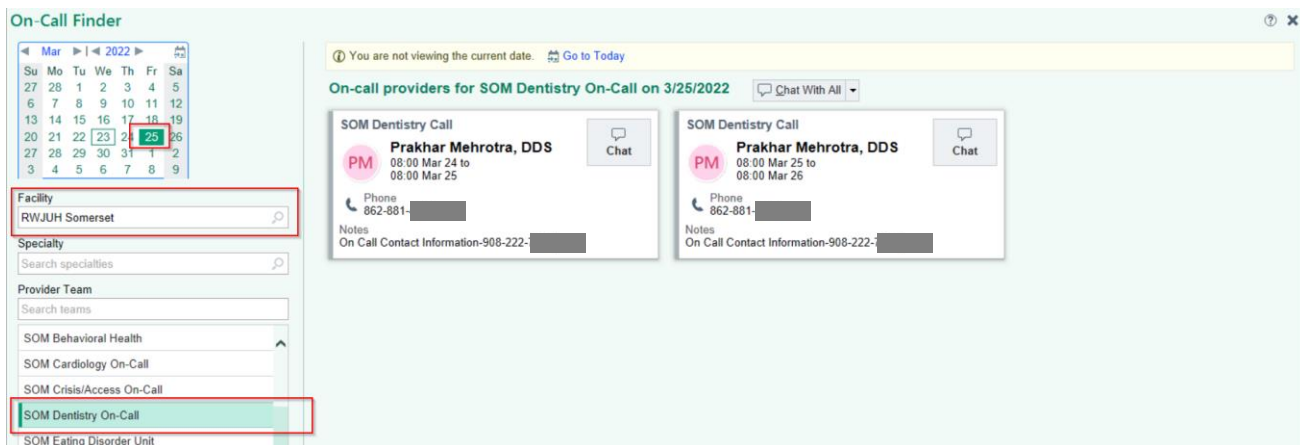

Click On-Call Finder on the menu bar:

...or type On-Call Finder in search field:

Select the Date, facility, and provider team:

View provider contact information in the Notes section
