

SHINES UNDER THE SUN

The S1 delivers a vibrant 4K UHD picture and immersive sound quality experience with virtually limitless outdoor placement options.

DESIGN HIGHLIGHTS

- Full Sun 3000 nit brightness
- IP66-rated LCD outdoor panel
- IK10-safety-rated impact-resistant glass
- Wide operating temperature range
- 4K UHD Resolution
- Dolby Vision, HDR10, & HLG HDR
- 8-Speaker 100W Soundbar Audio
- Google TV with Google Assistant
- SIZES: 65" & 75"

Full Sun Brightness with Anti-Glare

The S1 Series Outdoor TV's Industry-leading 3,000-nit brightness is much brighter than indoor TVs and greatly reduces annoying off-angle reflections.

IP66 Rating *

The panel's IP Rating, "Ingress protection", is defined by its casing specifications. An outdoor TV must protect against elements, including dust, and hold up to higher-pressure water spray, and rain, from any direction.

PARTICLE INGRESS PROTECTION			LIQUID INGRESS PROTECTION	
Level	Object Size	Protected Against	Level	Protected Against
0	-	No Protection	0	Not Protected
1	>50 mm	Solid objects over 50mm, e.g. hands.	1	Dripping Water
2	>12.5 mm	Solid objects over 12mm, e.g. fingers.	2	Direct Spray at 15°
3	>2.5 mm	Solid objects over 2.5mm, e.g. tools & wires.	3	Direct Spray at 60°
4	>1mm	Solid objects over 1mm, e.g. wires & nails.	4	Splashing Water All Directions
5	Dust Protected	Dust limited ingress, no harmful deposits.	5	Low Pressure Water Jets
6	Dust Proof	Totally protected against dust.	6	Powerful Pressure Water Jets
			7	Full Immersion up to 1 m
			8	Full Immersion beyond 1 m
			9	Powerful High Temp Water Jets

IK10 Rating

The screen is impact-resistant and is perfect for outdoor placement with peace of mind protection.

Impervious to cold and high temperatures

Ranging from - 4° ~ 122° F its all-metal body and backplane effectively dissipate heat without the need for noisy fans.

* IP66 rating refers to the TV's protection against dust and other particulates, including a vacuum seal, tested against continuous airflow. It also withstands direct high-pressure water jets.

Defeatable Auto Brightness and Color Temperature Adaptation

The built-in intelligent ambient light sensor auto-adjusts the ideal picture brightness and color temperature for a dark or bright lighting environment. Defeatable for daylight viewing.

Sound Bar Included

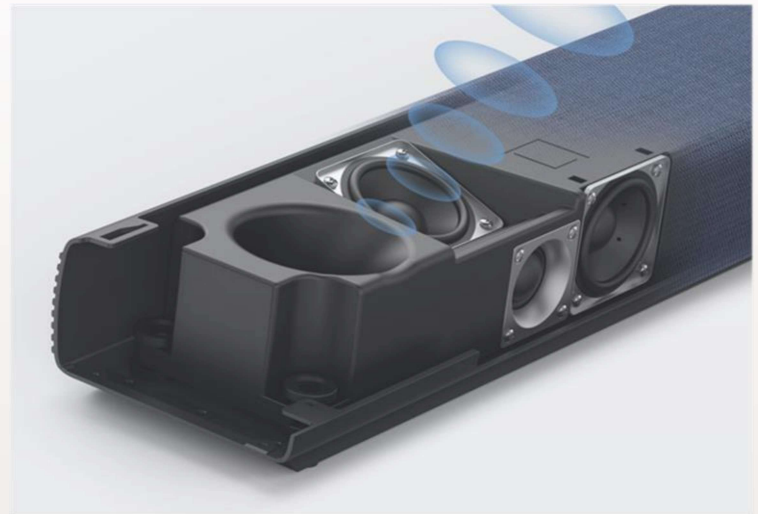

A weatherproof 100W 8-Speaker Audio is bundled with the S1 Outdoor TV and is designed with high-efficiency main speakers, and a subwoofer system, supported by advanced audio processing, ideal for standing up to outdoor natural or ambient sound levels.

Advanced Audio Processing

Overcomes noisy environments.

Dolby Audio

Enjoy an immersive surround sound effect to fulfill the A/V experience.

SKYWORTH's S1 Outdoor Google TV

The first outdoor TV equipped with the latest Google system in the market. Featuring the richest and most complete film, TV, app and other resources in the world allows you to enjoy large-screen drama, live entertainment, and sports on the terrace.

Bluetooth Remote Control

Encased in a weatherproof protector, there is no need to aim the remote control directly at the TV. Enjoy Google Assistant voice navigation at the push of a button.
