

Holding the Line: Protecting Southern Nevada from **DROUGHT**

Nevada CRS has put together another informative and timely luncheon at the gorgeous Red Rock Country Club in Summerlin. All REALTORS are welcome!

John Entminger from the Las Vegas Valley Water District will be joining us as a speaker for the July Luncheon. Although this past winter brought much needed water to the West Coast, drought is still a major concern for Nevada's desert climate and growing population. The numbers are staggering: today, the Water District acquires, treats and delivers water to local agencies that serve **2 million** residents and more than **40 million** annual visitors!

Come find out what's being done to help protect Southern Nevada from current and future drought situations and how drought plays an integral role in the real estate market.

John Entminger
Las Vegas Valley Water
District

When:	Wednesday, July 12, 2017 11:30a - 1p
