CALL FOR PAPERS!

4th Hazards Asia Pacific Symposium, September 2017
Kuala Lumpur, Malaysia

'Process Safety - Now More Than Ever' is the theme of this symposium focusing on 3 different industries:

- Oil & Gas (Upstream and Downstream)
- Pharmaceutical & Food
- Chemicals & Agrochemicals

Confirmed keynote speakers

Trish Kerin
Director, Institution of Chemical Engineers Safety Centre (ISC)
Chartered Engineer, registered Professional Process Safety Engineer, Fellow of IChemE
The ISC is a not-for-profit multi-company, subscription based, industry consortium, focused on improving process safety. ISC objective is to share, analyse and apply safety related thinking.

Dr Sam M Mannan
Regents Professor, Chemical Engineering Department, Texas A&M University
Director, Mary Kay O'Connor Process Safety Center, Texas Engineering Experiment Station
The mission of the center is to improve the safety in the chemical process industry by conducting programs and research activities that promote safety as second nature for all plant personnel in their day-to-day activities.

Main topics and sub-elements

Abstract guidelines

- max 500 words (include purpose, method, results, and conclusion)
- include short biography

Please submit your abstracts to hazardsap@icheme.org

SUBMIT YOUR ABSTRACTS
