

Transitions

Transitions are words or phrases that connect one idea or topic to another. Writers use transitions to show how the topics are related and to improve the flow of an essay.

Between Paragraphs

First

Initially
The primary reason
First and foremost
To begin with

Second

Subsequently
In addition
Consequently
Similarly

Third

Last but not least
Furthermore
Lastly

Conclusion

In summation/In summary
As has been noted
In closing
To conclude
In short

Within Paragraphs

Show how things are alike

Likewise
Additionally
In the same way

Show how things differ

Nevertheless/Nonetheless
In contrast
On the other hand

Give an example

Namely
For instance
To illustrate

Show cause and effect

Therefore
Thus
Hence
As a consequence
