Hooks

The first sentence of your introduction paragraph. You want to "hook" the readers' attention and get them interested in your topic.

Ask a question

Did you know that alligators are at risk?

Make a strong statement about the topic

Alligators kill an average of 6 people each year.

Restate the prompt

There is much to learn about these ancient creatures called alligators.

Set the scene

An American alligator lays on the bank of the river...

Share a fact or definition

The largest ever recorded alligator was 19.2 feet.
