## Shroud of Turin and its links with the Sudarium of Oviedo

James Trahar came into school to give a talk on what is arguable the most studied relic in history, Shroud of Turin and its links with the Sudarium of Oviedo. The talk looked at the scientific research and written and artistic records which both date and locate the Shroud and the Sudarium back to the 4<sup>th</sup> century and earlier. The Students made observations during the presentation and asked questions to which James gave written responses. One of the biggest take away pieces of information was that the image on the Shroud of Turin cannot be replicated. ## The Readings for the Weekend, the 3<sup>rd</sup> Sunday in Ordinary Time

Jesus showed humanity that the kingdom of God is a present reality. For Christians the response to the presence of God in the here and now is conversion and discipleship. We can be effective messengers of the good news when taking part in spiritual renewal which informs our conduct and lifestyle. Please consider reading the attached mass readings at home with your family in the hopes that you can continue on your journey to be filled with the confidence to get up and go forth to praise God with your life.
