

Please only complete this form if you do NOT want your child to participate.

Dear Parents/Guardians,

On Thursday, October 19th, the RMS counseling office will be hosting a guest speaker for all middle school students and parents. Jennifer Schiffman was formerly a Prevention Specialist with the MO ICAC Task Force of the St. Charles County Cyber Crime Unit, and now focuses solely on presenting to school districts with her business, DigiDiva. Through her presentation, Ms. Schiffman will be educating students about digital basics, preventing cyber-bullying, the dangers of texting inappropriate pictures, and how students can protect themselves from online predators. She has spoken to over 25,000 students in the southwest Missouri area, in addition to educating hundreds of parents about cyber-bullying prevention strategies. We are very excited to have Ms. Schiffman speak to our students, as we believe this prevention knowledge is crucial to our students' education and safety. Students will hear her present during the school day on October 19<sup>th</sup>, while parents will have the opportunity to hear her adult presentation from 6:30-8:00pm that evening.

Student Presentations: October 19<sup>th</sup> – during the school day

Parent Presentation: October 19<sup>th</sup> – 6:30-8:00pm in the RMS auditorium (please enter through the auditorium entrance). Ms. Schiffman asks that students not be present for the parent presentation. To attend, please register at [goo.gl/Eghdoi](http://goo.gl/Eghdoi).

If you have any questions or concerns, please contact your child's counselor.

Sincerely,

Gen Nelson, 6<sup>th</sup> grade counselor  
Tony Trueblood, 7<sup>th</sup> grade counselor  
Joni Ragain, 8<sup>th</sup> grade counselor

Please complete the following form only if you do **NOT** want your child to attend the student presentation during the school day on October 19th.
